

About Us

Founded in 1985, CPAS Systems Inc. is a global supplier of quality pension administration software solutions. CPAS provides advanced pension administration software for sponsors and administrators of single and multi-employer plans, as well as third party administrators and financial institutions.

CPAS software has been trusted as the solution of choice for over 140 organizations throughout Canada, the USA, the Caribbean, Europe, China, and Africa, administering more than 2000 plans, and more than 2,000,000 members worldwide, for over 24 years.

Our clients represent a diverse range of private and public sector businesses and services, including government, Taft Hartley/multi-employer, financial, retail, manufacturing, professional and third party service providers. CPAS software is designed to easily adapt to unique plan designs and operational environments. We are the largest vendor of retirement systems technology in Canada where the legislative landscape is very complex and multifaceted. CPAS is the only pension system vendor to rank in the Top 100 Independent Software Companies in Canada (Branham 200), a unique acknowledgement and one that we have held for the last 9 years.

We are committed to providing a robust, flexible and cost-effective software solution on which our clients can grow and enhance their pension administration business and services offerings.
