

## Baltimore County Employee's Retirement System Selects CPAS v5

Toronto, ON – December 9<sup>th</sup>, 2010 – CPAS Systems Inc. has been selected by the Baltimore County Employee's Retirement System to implement its CPAS v5 pension administration solution.

CPAS Systems has signed an agreement with Baltimore County to install CPAS v5, and provide related professional services including implementation and training, as well as associated project management and support services. During this implementation AH Computing Consulting (AHCC) will provide services associated with back file conversion, system vulnerability and penetration testing.

"We are very pleased that Baltimore County Employee's Retirement System has chosen CPAS v5 as its new Pension Administration Solution. This is a great endorsement and we look forward to a very successful implementation and partnership." said David Rive, President and CEO of CPAS Systems Inc.

### About Baltimore County Employee's Retirement System

The Baltimore County Employee's Retirement (ERS) system was established in January 1, 1945 by County ordinance as a defined benefit plan. The County's retirement system is a multi-employer, multi-plan system. It provides benefits for normal and discontinued services, early retirement, occupational and non-occupational disability benefits, and occupational and non-occupational death benefits. In addition to a normal service retirement, the County also offers DROP plans to eligible members.

As of June 30, 2008 there are 9,570 active members and 6,926 retirees in the system.

### About AHCC

AHCC is a one-source, international IT solution provider headquartered in Rockville, Maryland, USA, with branches in Canada, Egypt, and Ghana. AHCC provides high quality technical solutions for a number of Federal Government agencies and other organizations.

Founded in 1996, AHCC has evolved into a leading IT consulting and software development services provider, constantly striving to employ the best global resources across targeted industries.

### About CPAS Systems Inc

Founded in 1985, CPAS Systems Inc. is an ISO 9001:2008 registered, global supplier of pension administration software solutions. Web-based for member, retiree and employer self-service, our CPAS v5 product is multi-lingual, multi-jurisdictional and multi-currency; it offers an integrated solution for administrators of all forms of defined benefit, defined contribution pension plans, and life and health benefits. CPAS v5's innovative design and Enterprise Tools allow clients to offer improved services to their clients and membership, while maintaining control of ongoing administrative costs.

CPAS software is the solution of choice for 150 organizations throughout the USA, Canada, the Caribbean, Europe, China and Africa. CPAS Systems Inc. software has been employed to administer more than 2000 plans, and more than 2,000,000 members worldwide, for over 25 years.
