

CPAS Receives High Praise from Marin County Employees' Retirement Association's Acting Retirement Administrator

Toronto, ON – May 27th, 2010 – At the February 10th Regular Board Meeting for the Marin County Employees' Retirement Association, Acting Retirement Administrator Mr. Ford had high praise for the CPAS v5 Pension Administration Software Implementation project:

“The CPAS pension administration system continues to attract additional 1937 Act users, Administrator Ford reported, with seven systems currently in the installation process, though in earlier stages than MCERA...The Toronto CPAS Systems project team recently visited to review implementation status with Administrator Ford. Additionally, a presentation explaining the history and benefits of the system was recently given to staff. According to Administrator Ford, the system will perform complex calculations at a notably faster pace; furthermore, a custom general ledger will enhance accounting.”

About CPAS Systems Inc

Founded in 1985, CPAS Systems Inc. is an ISO 9001:2000 registered, global supplier of pension administration software solutions. Web-based for member, retiree and employer self-service, our CPAS v5 product is multi-lingual, multi-jurisdictional and multi-currency; it offers an integrated solution for administrators of all forms of defined benefit, defined contribution pension plans, and life and health benefits. CPAS v5's innovative design and Enterprise Tools allow clients to offer improved services to their clients and membership, while maintaining control of ongoing administrative costs.

CPAS software is the solution of choice for 140 organizations throughout the USA, Canada, the Caribbean, Europe, China and Africa. CPAS Systems Inc. software has been employed to administer more than 2000 plans, and more than 2,000,000 members worldwide, for over 25 years.
